PRODUCT SPEC SHEET

4848 MI CISF PALLET

The ORBIS 48 x 48 MI CISF pallet moves, stores and distributes product loads within a single warehouse/distribution center or entire supply chain

- Nest for a cost-efficient return trip or warehouse storage
- Pair two (2) mirror image CISF pallets for stackable functionality in supported racking systems or on roller conveyors
- High-density polyethylene, structurally foam molded for high strength-to-weight ratio and static load capacity
- Flat deck design accomodates multiple material handling requirements
- Lightweight and easy to manually handle
- Smooth, all plastic construction protects product (no nails,rust or splinters)
- Consistent weight for accurate transportation costs
- Economic, environmental, and efficient alternative to wood pallets or skids
- Improves workplace safety with smooth design and stable stackability
- Fork Truck Entry: 4-way
- Hand Truck Entry: 4-way
