

PRODUCT SPEC SHEET

# 4048 XPRESSPAL® ECONOMY DUTY PALLET

Based on the industry standard footprint, the 40 x 48 Economy Duty XPRESSPAL® (XP) pallet is designed for storage and shipment of mixed loads of food, grocery and consumer packaged goods in a retail environment. In a distribution center environment, the 40x48 XPRESSPAL interfaces nicely with all types of order picking equipment. This nestable pallet streamlines retail distribution with its hygienic design and superior impact resistance.

- Hygienic, one-piece design
- Protects product with smooth, all plastic construction and no nails, rust or splinters
- Dimensionally consistent pallet ensures repeatable performance
- Resistance to chemicals, moisture and odors
- Versatile handling, with 4-way hand and fork truck entry
- Easy cleanability, with ventilated design
- Improves safety with smooth design and ergonomic handles
- Optional deck grommets to minimize load shifting
- Nests when empty for return freight savings and optimized static storage
- Fully recycled at the end of its long service life

Applications

- Grocery
- Retail
- Consumer Packaged Goods
- Pharmaceutical
- Apparel

Pallet nests for optimizing storage and maximizing return logistics
